

# Amundsen Park Re-Design

---

[WWW.CLARESHOLM.CA](http://WWW.CLARESHOLM.CA)

# Inspiration

Vision – To create a hub for activity that is an extension of the downtown core.

# The Art of Placemaking

Placemaking– creating a place, not a design.

What makes a great place?

- A place that promotes sociability
- Offers lots of things to do
- Is comfortable and attractive
- Accessible for all
- Power of 10

# Designing Public Spaces

---

- Create a strong sense of community, create that “third space”.
- Tame traffic – parking.
- Introduce new kinds of park activities (designated green space for lawn bowling, gazebo for wedding photos, larger concrete space for events, markets, etc.)
- Bring new people downtown (creating visibility/directional signage from downtown).
- Make kids healthier – new improved play structures, accessible, and for all ages.
- Improve safety/security – increased lighting at washrooms and pathways.
- Provide clean public restrooms – options for a facelift of the existing washrooms and/or potentially to create year-round facilities.

# AMUNDSEN PARK CONCEPT PLAN

## LEGEND

- A - OPEN GREEN SPACE
- B - PLAY AREA
- C - MAJOR PERGOLA/ ARBOUR
- D - UPPER PLAZA/ TRELLIS
- E - QUIET GARDENS WITH STROLL PATH

# Next Steps

---

- The committee will review the feedback gathered.
- Budgets/Costing will be discussed prepared.
- Phasing/Timing will be considered.
- Partnership opportunities will be sought out with the community groups and the Town plans to continue working together to achieve the ideal community park.
- Grant application opportunities also will be sought out.

# Thank you!
